

SUNDAY, 14 OCTOBER 2018

- 14.00 Exhibition set-up
16.00 Delegate registration

MONDAY, 15 OCTOBER 2018

- 07.30 Delegate registration
08.45 Welcome address: conference organiser
09.00 Turkish cement industry: Kerem Ersen, TCMA (Turkey)
09.30 Keynote on sustainable cement manufacturing: Ashwani Pahuja, Dalmia Cement (India)
10.00 Management of established groups have broken the machine, fixing it will take time: Jean-Christophe Lefèvre-Moulenq, CMCIC Market Solutions (France)

10.30 Coffee break

- 11.00 Value creation from innovative sourcing in cement companies: Peter Hoddinott, Independent Consultant (UK)
11.30 Industry 4.0 – practical steps towards digitalising your cement plant: Tom Dannemiller, Sabia (USA)
12.00 30 years of International Cement Review: Michael Clark, Whitehopeleman (UK)

12.30 Lunch

- 14.00 Cement and clinker flows from and within the Mediterranean – evolution of key trade routes: Sylvie Doutres, DSG Consultants (France)
14.20 Nuh Çimento's grinding upgrade project: Ilker Avcı, Nuh Çimento (Turkey)
14.40 Iran's cement industry and introducing GPS/GSM system for quality assurance of clinker: Hamid Reza Tajik, Cement Industry Export Development Co (Iran)
15.00 An overview of the global aggregates industry: Jim O'Brien, Jim O'Brien CSR Consulting (Ireland)

15.30 Coffee break

- 16.00 Storage, extraction, dosing and introduction of alternative fuels: three best practice case studies: Basri Ogut, Walter Materials Handling/ATS Group (France)
16.30 Best practice preparation of refuse-derived fuel (RDF) for the calciner and main burner: Tim Hamer, Vecoplan (Germany)
17.00 Successful optimisation of a secondary-fuel-fired calciner – A case study: Matthias Mersmann, Aixergee GmbH (Germany)

17.30 Evening reception in the Exhibition Area**TUESDAY, 16 OCTOBER 2018**

- 09.00-12.00 Optimising cement and ready-mix logistics: seminar led by INFORM (Germany)

- 09.00 A new approach to burning alternative fuels: Oral Türesay, KHD Humboldt Wedag (Germany)
09.20 AFR storage, handling and feeding system at Denizli Çimento, Turkey – Case study: Michal Hrala, Beumer Group (Germany)
09.40 The application of an MgO-based sulphur control agent for high-sulphur petcoke firing: Seyda Arikan, Nuh Çimento (Turkey) and José Hernández, EES Services (Mexico)
10.00 Weighing and feeding solutions for the cement industry: Mesut Akbulut, Schenck Process Europe GmbH (Germany)

10.30 Coffee break

- 11.00 Working concept of the FONS Delta Cooler and DAL pyroprocess design: Fons Technology International/DAL Engineering Group, Ugras Akay (Turkey)
11.30 Traçim Çimento case study; energy efficiency, production increase and operational enhancement APC: Juliano Arantes, ABB (Switzerland) and Ali Firat, Traçim (Turkey)
12.00 SNCR and plant optimisation with injection systems: Ullrich Speer, Lechler (Germany)

12.30 Lunch

- 14.00 Getting the most out of your mill – cement grinding optimisation for ball mills: Nijat Orujov, VDZ (Germany)
14.30 Optimisation of grinding with vertical roller mills: Roland Martini, Gebr Pfeiffer (Germany)
15.00 Increase of roller press availability in a Slovakian cement plant: Yannic Sesemann, Köppern (Germany)

15.30 Coffee break

- 16.00 Maximising alternative fuel firing using a flexible burner design – the new Turbu-Flex burner: Joel Maia, FCT Combustion (Germany)
16.30 Kiln baghouse compliance monitoring and control upgrade at a cement plant: Vahid Mirsaiidi, Auburn FilterSense (USA)
17.00 Latest wear-resistant welding technology for vertical roller mills: Nick Sutherland, Welding Alloys Group (UK)

19.00 Cocktail reception followed by Gala Dinner and entertainment**WEDNESDAY, 17 OCTOBER 2018**

- 07.15-17.00 Visit to Nuh Çimento (Kocaeli)

*Conference programme is subject to change
